Starting Your Journey

Your adventure in Pokémon Emerald begins in the quaint town of Littleroot. After an introductory sequence, you will choose your first Pokémon from Professor Birch. The initial choices are Treecko, Torchic, and Mudkip, each with its unique strengths. Selecting the right starter can significantly impact your early game experience. Once you've chosen your Pokémon, your journey truly begins.

Choosing Your Starter

Each starter Pokémon has its advantages, which can be crucial in early battles. Here's a quick overview:

Water/Ground typing, making it versatile in battles.

After selecting your starter, you will complete your first task of delivering a package to Professor Birch, which will familiarize you with the basic mechanics of the game.

Exploring the Hoenn Region
