Understanding the Omegaverse

The omegaverse is a subgenre of fan fiction that introduces a distinct hierarchical social structure based on biological roles. This universe typically includes three primary roles: Alphas, Betas, and Omegas. Each role comes with unique characteristics, traits, and societal expectations, creating a rich tapestry for storytelling.

Defining the Roles

In the omegaverse, the roles of Alphas, Betas, and Omegas are defined by their biological and social traits. Here's a brief overview of each:
