Assertive communicators express their thoughts and feelings openly and honestly while respecting others. They maintain a balanced approach, where they stand up for their own rights without infringing on the rights of others.

Characteristics of assertive communicators include:

- Clear and direct expression of needs and opinions.
- Good listening skills and respect towards others.
- Ability to say no without feeling guilty.

2. Passive Communication

- Low self-esteem, often leading to a lack of assertiveness.
