Understanding the PTCB Exam

Overview of the PTCB Exam

The Pharmacy Technician Certification Exam (PTCE) is administered by the PTCB and assesses the knowledge and skills necessary for pharmacy technicians. The exam consists of 90 multiple-choice questions, which must be completed in a time frame of two hours. The questions are designed to evaluate a technician's ability to perform essential tasks in a pharmacy setting, including medication dispensing, inventory management, and patient interaction.

Exam Structure and Scoring

The structure of the exam is critical for candidates to understand. The exam is divided into four main topic categories:

- Medications: 40% of questions
- Medications and Dosage Calculations: 20% of questions
- Pharmacy Law and Regulations: 20% of questions
- Medication Safety: 20% of questions

Each question is scored as either correct or incorrect, with a scaled score ranging from 1,000 to 1,600. A score of 1,400 or above is typically considered passing. Understanding the scoring system helps candidates set realistic goals during their preparation.
